SHOT

In the Abdomen and Seriously Injured.

Tuesday, the 18th, as Lewis Lorenz and his brother were hunting on the hill back of "Ridgways" landing about six miles up the Muskingum, Lewis met with a most serious accident, the outcome of which is in doubt.

Mr. Lorenz's accident was due to the accidental discharge of a shot gun in the hands of his brother. They were climbing a hill, and were quite near each other when an accidental joint set off the gun. The load of shot entered Lewis's left thigh and groin, and one shot penetrated the abdomen. All the load with the exception of the shot that entered the abdomen will work little injury, but the one which struck the man in the abdomen has set up peritonitis. This condition lends rather a bad aspect to the case.

A Santiago Hero.

Mr. Bernard Savage, of Centre Bend, Morgan county, was in the city yesterday, and placed the Leader under obligations for a friendly call.

Mr. Savage is one of the heroes of Santiago de Cuba, having participated in both the decisive battles which shook Spain to her senses.

Mr. Savage is full of interesting war talk, and told us many incidents of army life. He was a member of troop G, 1st Cavalry of regulars and he served his country well and honorably.

Savage enlisted in the regular army at Evansville, Indiana, October 13th, 1895, and his required three years of service expired on the 13th of this month. A large part of his army life was spent at Fort Sheridan, near Chicago. He received his discharge at Fort Meade, South Dakota, and is just from that place.

Mr. Savage went down to Parkersburg Wednesday afternoon to see his brother, who lives there, and about Saturday he will go to Centre Bend to see his folks and his old home after an absence of three years.

The young man has had with him for a year past an Italian greyhound which has stuck to him through thick and thin, and was a companion in the trenches in front of Santiago.

Savage is an interesting fellow, and he looks the fighter from spur to cap. He has an intense admiration for Gen. Joe Wheeler, and is warm in his praises of Roosevelt.

To Stay or Not to Stay.

That is the question which comes up for the boys of the Seventh Ohio who are home on furloughs to decide. It seems that the officers of this regiment wish to keep their positions and therefore have represented to the powers that be that the greater percentage of the boys wish to remain in the service, while the boys complain that more than half of them do not wish to remain. It is understood that Col. Hamilton was in Washington and the supposition is that he has been trying to get the sentiment of the boys expressed so he can use it to some advantage before the final arrangements for mustering out of the regiment.

A Still Alarm.

On a still alarm Thursday night about 11:30 the fire department was called to the trestle between Second and Third streets, near the C. & M. depot, which was on fire, likely caused by a hot coal dropping from an engine. They attempted to extinguish the fire with chemicals but failed and made use of the hose. The fire had apparently been burning for some time but in such a manner as to not cause any danger to trains using the track.

Foot Ball at Columbus.

The Marietta football team will leave this Friday afternoon on the T. & O. C. E. at 2:50 for Columbus where they play O. S. U. The railroad makes a rate of \$3.30 for the round trip and will probably obtain quite a number of rooters who wish to see the game. They can return Saturday evening, as the T. & O. C. E. will hold a train at Palos for the connection.

Wins the Watch.

The Little Irene Myers Co. presented "Turned Up, or The Undertaker," at the Auditorium last night, which was a very ludicrous production. After the performance a gold watch was presented to the gentleman holding the lucky number drawn from the box. Mr. Phil Lins, clerk at the Bellevue hotel, was the winner.

New Bakery Firm.

Messrs. Bernard Menke and Edward Pfaff, two worthy young men of this city, have bought out the bakery, lunch and confectionery business of Mrs. Frank Smith, on Front street. The young men will take possession on Monday of next week. Both are experienced and practical bakers, and no doubt will prosper.

STAR CLOTHING HOUSE.

In the old frontier days hundreds of pioneers were tortured and burned at the stake by cruel Indians. The tortures endured by these martyrs must have been something horrible. There are thousands of men to-day who are being slowly tortured to death at the stake of disease. Their bodies cry out but in a language that only the sufferers themselves can hear. When a man is suffering in this way his body cries out with an aching head, a sluggish body, muscles that are lax and lazy, a brain that is dull, a stomach that disdains food and nerves that will not rest. A wise man will heed these warnings and will resort to the right remedy before it is too late. Dr. Pierce's Golden Medical Discovery makes the appetite keen and hearty. It invigorates the liver. It promotes the natural processes of secretion and excretion. It makes the digestion and assimilation perfect. It purifies the blood and fills it with the life-giving elements of the food. It tears down old and worn-out tissues and replaces them with the firm, muscular tissues of health. It is the great blood-maker and flesh-builder. It is the best nerve tonic. It cures 98 per cent. of all cases of consumption, weak lungs, bronchitis, lingering coughs and kindred ailments. Found at all medicine stores. Accept no substitute that may be represented as "just as good." The "just as good" kind doesn't effect cures like the following:

"Twenty-five years ago eight different doctors told me that I would live but a short time, that I had consumption and must die," writes Geo. R. Cope, Esq. of Myers Valley, Pottawatomie Co., Kans. "I finally commenced taking Dr. Pierce's Golden Medical Discovery and am still in the land and among the living."

Don't suffer from constipation. Keep the body clean inside as well as outside. Dr. Pierce's Pleasant Pellets cure constipation and biliousness. They never gripe. All good dealers have them.

—"Tobe" Hamilton will return to Camp Meade today to join his comrades in the Hospital Corps at that place.

—Wm. Eggleston, Jr., who has extensive mining interests in Arizona, California and the Klondike, left the city Thursday morning for Frisbee, Arizona. He will probably spend the winter in Arizona and return to Marietta in the spring to live, having formed a very favorable opinion of this lovely city during his two months visit here as the guest of his parents this summer.

—Mr. W. V. Turner, of Newport, was in the city yesterday.

—Miss Minnie Leeper will leave on Monday of next week for Chicago, where she will remain several months, studying the piano under Sherwood.

—Jas. H. McConnell, of the Marietta Manufacturing Co., left on the O. R. R. Thursday evening for Pittsburg on a business trip.
